# What's happening in our neck of the woods?

Are you curious about the things that affect your everyday life, like current and future road construction, hospital additions, police and fire department coverage, rezoning, recreational areas, schools, and other educational connections?

**Carolina Forest Civic Association** is a non-profit 501-C-4 organization that endeavors to educate Carolina Forest residents on the issues that are important to them. We also create a voice for its residents throughout all levels of government to ensure our voices are heard and the issues that are important to us are recognized by our legislators. Please join us in making Carolina Forest a wonderful place to live and work for the residents and businesses that call it home.
